

CURRICULUM VITAE OF JOSEPH V. TERZA

July 2024

Contact Information:

Department of Economics
Indiana University School of Liberal Arts at IUPUI
425 University Boulevard
Rm. CA509B, Cavanaugh Hall
Indianapolis, IN 46202-5140
Phone: 317-274-4747
Email: jvterza@iu.edu
Web: <https://jvterza.pages.iu.edu>
Google Scholar Citations:
<https://scholar.google.com/citations?user=b4HAmb8AAAAJ>

Degrees Earned:

Ph.D. (Economics) University of Pittsburgh, 1981
M.A. (Economics) University of Pittsburgh, 1979
B.A. (Economics) St. Vincent College, 1974

Employment:

Professor of Economics, Indiana University School of Liberal Arts at IUPUI, August 2012 to present.
Professor of Economics, University of North Carolina - Greensboro, July 2009 to July 2012.
Professor of Epidemiology and Health Policy Research, Institute for Child Health Policy, University of Florida, July 2005 to June 2009.
Professor of Health Administration and Policy, Medical University of South Carolina, August 2003 to July 2005.
Associate Professor of Economics, The Pennsylvania State University, August 1986 to July 2003
Associate Professor of Economics, University of Georgia, September 1986 to August 1988
Assistant Professor of Economics, University of Georgia, September 1981 to August 1986
Assistant Professor of Economics, Clarion University, August 1980 to August 1981

Research Interests:

Applied Econometrics, Health Economics

Professional Activity:

Associate Editor, *Health Services Research*, 2008-2022.
Associate Editor, *Journal of the American Statistical Association*, 1989-1992.

Member, AcademyHealth Methods Council, 2009-2017.
Member, AcademyHealth Health Services Research Consortium, 2011-2015.
Scientific Review Committee, American Society of Health Economists, 2006-2010.
Scientific Review Committee, International Health Economics Association, 2005-2010.
Memberships - International Health Economics Association, American Society of Health Economists.
Coinvestigator, Developing Evidence to Inform Decisions about Effectiveness (DEcIDE) Center, University of Maryland (Bruce Stuart PI), funded by Agency for Healthcare Research and Quality, 2007-2010.
Coinvestigator, DEcIDE-2 Center, University of Iowa (Elizabeth Chrischilles PI), funded by Agency for Healthcare Research and Quality, 2010-2013.
DEcIDE Frameworks Workgroup, Agency for Healthcare Research and Quality, 2009-2010.
Grant Reviewer, National Science Foundation, Economics Program, 2009.
Grant Reviewer, Robert Wood Johnson Foundation, Substance Abuse Policy Research Program, 2006-present.
Study Section -- Health Services Research on Alcohol-Related Problems - National Institute on Alcohol Abuse and Alcoholism, July, 1997.
Study Section -- Health Systems Research - Agency for Healthcare Research and Quality, 2006-2011.
Served on informal special emphasis review panel for the Agency for Healthcare Quality and Research, August, 2007.
Study Section -- Special Emphasis Panel -- Partnerships for Sustainable Research and Dissemination of Evidence-based Medicine - Agency for Healthcare Research and Quality, September 20-21, 2012.
Reviewer for Evidence Based Reviews in Urology. Critiqued paper titled "Use of Radical Cystectomy for Patients with Invasive Bladder Cancer," published in the *Journal of the National Cancer Institute*, 2011.

Awards and Honors:

Keynote Speaker, International Stata Users Meeting in Mexico, November 2014.
Keynote Speaker, Annual Meeting of the Canadian Health Economics Study Group, June 2012.
Best published paper award for 2006 by the Research Committee of the American Spinal Injury Association (see Krause and Terza, 2006, under "Journal Articles" below).
Grubb and Ellis manuscript prize for the best research paper on real estate market analysis presented at the annual meeting of the American Real Estate Society, 1994. (see Okoruwa, Nourse and Terza, 1994, under "Journal Articles" below).
Finalist for best article in *Economic Inquiry* award for 1989 (see Fishback and Terza, 1989, under "Journal Articles" below)

Grants

Co-Principal Investigator

"Army Reenlistment by Occupation: A Probit Approach," with Ronald S. Warren, Army Research Institute, \$16,298, June, 1986.

Status: Completed

Co-Principal Investigator

"Vertical Integration and Health Care Markets," with Don Kenkel and Cheryl Neslusan, Penn State Research and Graduate Studies office, \$7,100, December, 1992.

Status: Completed

Principal Investigator

"Health Econometric Models with Endogenous Switching: A Unifying Structure," Penn State Population Research Institute, \$5000, June, 1999.

Status: Completed

Co-Investigator

"Smoking and Low-Tar Cigarettes: Follow-up and Simulation," with Lynn Kozlowski, et

al. (Department of Biobehavioral Health - Penn State University) Centers for Disease Control, Office of Smoking and Health, National Center for Chronic Disease Prevention and Health Promotion, \$98,830 (9/30/97 -- 9/29/99).

Status: Completed

Principal Investigator

"Favorable Selection and Cost Containment by Medicare HMOs: A Two-Part Model of Fee-for-Service Costs with Endogenous Enrollment," U.S. Veteran's Administration Management Science Group, \$10,610, June, 1999.

Status: Completed.

Principal Investigator

"Assessing the Cost-Containment Effects of Medicare HMOs," Research and Graduate Studies Office, Penn State University, \$8,000 (09/01/2001 B 8/31/2002).

Status: Completed..

Co-Principal Investigator

"Econometric Analysis of Fetal Alcohol Syndrome Preventive Interventions," with Donald S. Kenkel (Department of Policy Analysis and Management - Cornell University) National Institute on Alcohol Abuse and Alcoholism, \$270,102 (09/01/2000 -- 6/30/2004).

Status: Completed.

Principal Investigator

"Assessing the Impact of Substance Abuse on Employment Status," Robert Wood Johnson Foundation, \$99,801 (07/01/2002 B 6/30/2004)

Status: Completed

Principal Investigator

"Treatment Patterns for Bipolar Disorder and the Time to Mental Health Hospitalization," Robert Wood Johnson Pharmaceutical Research Institute \$112,000 (9/1/03-6/30/03)

Status: Completed

Co-Investigator

"Correcting Under-reporting in HCUP Inpatient Data," (Libby Dismuke PI, Medical University of South Carolina) Agency for Healthcare Research and Quality, \$100,000 (7/1/04-6/30/05)

Status: Completed

Co-Investigator

"Utilization and Cost of Health Services by Chronic Drug Users," (David Bradford PI, Medical University of South Carolina) National Institute on Drug Abuse, \$492,740 (9/1/02-2/28/05)

Status: Completed

Co-Investigator

"Establishing the Value of Stable Prescription Drug Coverage for Medicare Beneficiaries,"

(Bruce Stuart PI, U. of Maryland PI) Robert Wood Johnson Foundation \$291,000 (1/1/04-6/30/05)

Status: Completed

Coinvestigator

“Medicare Beneficiary Response to Benefit Gaps versus Actuarially Equivalent Continuous Coverage for Prescription Drugs,” (Bruce Stuart PI, U. of Maryland PI) Robert Wood Johnson Foundation - Changes in Health Care Financing and Organization Program and AcademyHealth, \$141,000. (7/1/06 – 6/30/07).

Status: Completed

Principal Investigator

"Measuring the Net Public Health Impact of Increased Access to Potential Reduced Exposure Products for Smokers," Robert Wood Johnson Foundation, \$99,584

Status: Completed

Coinvestigator

“Health Plan Turnover and Disenrollment, Health Care Quality and Expenditures in SCHIP,” (Sema Aydede PI, U. of Florida) Health Resources and Services Administration, \$99,995.

Status: Completed.

Principal Investigator

“Education and Smoking Cessation: Establishing the Causal Link” 2007 Faculty Support for Graduate Assistant, Institute for Child Health Policy, University of Florida.

Status: Completed.

Principal Investigator

“Drug Coverage and Cost Offsets: Two-Part Models with Endogenous Treatment Effects,” Agency for Health Care Research and Quality, \$412,225.

Status: Completed.

Coinvestigator

"Econometric Study of Schooling, Information, and Smoking" Supplemental/Revision, (Don Kenkel PI, Cornell U.) National Institutes of Health, National Institute of Child Health and Human Development, \$229,321

Status: Completed.

Principal Investigator

"The Effect of Education on Smoking Behavior”

Cornell University and National Institutes of Health, \$43,589.

Status: Completed.

Principal Investigator

“Selection Bias in Health IT Measurement: Hospitals’ Meaningful Use of Health IT,” (Co-I, Jeffrey McCullough, University of Minnesota) McDowell Research Center for Global

IT Management, Bryan School of Business, University of North Carolina at Greensboro, \$3,000
Status: Completed.

Principal Investigator

“An Econometric Framework for Evaluating the Comparative Effectiveness of Prospective Obesity-Related Public Policy Interventions,” Office of Research, Bryan School of Business and Economics, University of North Carolina at Greensboro, \$3,000
Status: Completed.

Collaborator

“Developing Evidence to Inform Decisions about Effectiveness Research Network - 2,” (Elizabeth Chrischilles PI, U. of Iowa) Agency for Healthcare Research and Quality.
Status: Completed.

Principal Investigator

"Quality Substitution Among Heavy and AUD Drinkers and Alcohol Tax Policy," Supplement/Revision, National Institute on Alcohol Abuse and Alcoholism, \$89,146.
Status: Completed.

Coinvestigator

(7/1/2012) “Interpreting Instrumental Variable Estimates when Treatment Effects are Heterogeneous Across Patients: ACE/ARBs and Race,” (PI John Brooks, U. of Iowa) National Institutes of Health, Subcontract – \$137,159
Status: Completed.

Coinvestigator

(7/1/2012) “Instrumental Variables Methods for Censored Cost Data and an Application to Prostate Cancer,” (PI Anirban Basu, U. of Washington) National Cancer Institute, Subcontract – \$163,783
Status: Completed.

Coinvestigator

(1/1/2013) “An Econometric Framework for Causal Analysis of Obesity Policy Alternatives,” (PI Charles Courtemanche, Georgia State University), Subcontract – \$8,453.
Status: Completed.

Coinvestigator

(1/1/2017) “Epidemiology of Alcohol Problems: Alcohol-related Disparities,” (PI William Kerr, Alcohol Research Group/Public Health Institute) NIH/National Institute of Alcohol Abuse and Alcoholism, Subcontract – \$72,081
Status: Completed

Principal Investigator

(6/24/2017) “A Framework for Estimating the Potential Impact on Childhood Obesity of

Policies Aimed at Reducing Sugar-Sweetened Beverage Consumption: A Preliminary Study,” IUPUI Office of the Vice Chancellor for Research, \$26,510.

Status: Funded and in progress.

Coinvestigator

(3/1/2021) “National Alcohol Surveys: Advancing Epidemiologic Analyses of 21st Century Drinking,” (PI William Kerr, Alcohol Research Group/Public Health Institute) NIH/National Institute of Alcohol Abuse and Alcoholism, Subcontract – \$74,000

Status: Funded and in progress.

Consultant:

“Assessing the Relative Effectiveness of Medicare Advantage Plans in Promoting Guideline Concordant Prostate Cancer Care,” (PI Jean Mitchell, Georgetown University) American Cancer Society.

Status: Funded and in progress.

Coinvestigator

(11/6/2023) “Evaluating Use and Expenditures on Low Quality Breast Cancer Care in the Medicare Program,” (PI Jean Mitchell, Georgetown University) Agency for Healthcare Research and Quality, Subcontract – \$220,000

Status: Funded (start date pending).

Estimation method developed in Terza (*Journal of Econometrics*, 1998) [see below] is programmed and packaged in Stata beginning with version 13[®] -- see the “etpoisson” command.

Estimation method developed in Terza (*Journal of Econometrics*, 1998) [see below] is programmed and packaged in Stata beginning with version 13[®] -- see the “heckpoisson” command.

Estimation method developed in Terza (*Economics Letters*, 1985) [see below] is

programmed and packaged in Stata beginning with version 14[®] -- see the “cpoisson” command.

Estimation method developed in Zhang, Y., Fisher, J. and Terza, J.V. (2023): “bivpoisson: A Stata Command Estimating Seemingly Unrelated Count Data.” (presented at the Stata Conference, Washington, DC, August 2022). Programmed by Zhang and Terza as a Stata ado file, beginning with version 17[®]

Details of this command:

Package name: bivpoisson

How to install: ssc install bivpoisson

Title line: Seemingly unrelated count regression

Abstract: bivpoisson implements the count-valued seemingly unrelated regression (count SUR) estimator proposed in Terza and Zhang (2021). This paper shows that bivpoisson affords greater precision and accuracy than linear seemingly unrelated regression (stata package: sureg) when the underlying data are correlated and count-valued; see Terza and Zhang (2021) for details and illustrations. Post-Estimation command (in development) associated with this package will support predictions and causal effects parameter estimation (i.e., Average Treatment Effects).

Package Github: <https://github.com/zhangyl334/bivpoisson>

Participation in Professional Meetings and Conferences

Date	Description of activity
1980	Presented paper, “A Proposed Estimator for Situations Involving Sample Selection Based on Polychotomous Choice,” Modeling and Simulation Conference, Pittsburgh, PA.
1980	Presented paper, “Heckman’s Method Extended to Polychotomous Choice Models,” American Statistical Association Meeting, Houston, TX, August.
1981	Presented paper, “Consumer Surplus and the Econometric Modeling of Individual Choice,” Pennsylvania Conference of Economists.
1981	Presented paper, “The Reservation Wage Differential as an Index of the Bad Effects of Shiftwork,” Eastern Economic Association, Philadelphia, PA, April.
1983	Presented paper, “A Two-Stage Estimator for Models with Ordinal Selectivity,” American Statistical Association Meeting, Toronto, CA, August.
1984	Presented paper, “Financing Construction Work in Progress and the Prediction of Electric Utility Bond Ratings: An N-chotomous Probit Analysis,” co-authored with Gena F. Hampton, Annual Public Utilities Conference, Atlanta, GA, September.
1984	Presented paper, “Wages, Union Membership, and the Public Sector Bargaining

- Legislation: Simultaneous Equations with an Ordinal Qualitative Regressor,” Southern Economic Association, November.
- 1985 Presented paper, “Estimating a Two-Equation Simultaneous System Involving Both Qualitative and Continuous Endogenous Variables,” Winter Meeting of the Econometric Society, December.

- 2006 Presented paper, "Endogeneity in Nonlinear Parametric Models: A Guide for Applied Researchers in Health Economics," AcademyHealth Annual Research Meeting, Seattle, WA, June.
- 2006 Participant, Robert Wood Johnson Substance Abuse Policy Research Program, Annual Grantees Meeting, Hilton Head, SC, December.
- 2007 Presented Methods Workshop, "Methods for Dealing with Endogeneity and Selection Bias in Empirical Health Policy Analysis," AcademyHealth Annual Research Meeting, Orlando, FL, June.
- 2007 Presented paper, "Robust Estimation of Marginal and Incremental Effects in Health Econometric Models with Sample Selection and Nonnegative Outcomes," Southeastern Health Economics Study Group Annual Meeting, University of North Carolina, Chapel Hill, NC, October.
- 2007 Presented paper, "Public Health Effects of Policies Promoting the Use of Potential Reduced Exposure Products (PREPs) for Smoking Harm Reduction: Deconstructing the Risk-Use Equilibrium," Robert Wood Johnson Substance Abuse Policy Research Program, Annual Grantees Meeting, Amelia Island, FL, December.
- 2008 Presented Methods Workshop, "Dealing with Endogeneity and Selection Bias," AcademyHealth Annual Research Meeting, Washington, DC, June.
- 2008 Presented paper, "Parametric Regression and Health Policy Analysis: Survey-Based Estimation and Inference in the Presence of Endogeneity," Meeting of the American Society of Health Economists, Duke University, June.
- 2008 Discussant, Meeting of the American Society of Health Economists, Duke University, June.
- 2008 Discussant, Meeting of the Southeastern Health Economics Study Group,

University of Alabama - Birmingham, October.

- 2009 Presented Methods Seminar, “Methods for Addressing Endogeneity and Selection Bias in Observational Studies,” AcademyHealth Annual Research Meeting, Chicago, June.
- 2009 Presented Methods Workshop, “Dealing with Endogeneity and Selection Bias,” AcademyHealth Annual Research Meeting, Chicago, June.
- 2009 Invited Participant, Agency for Healthcare Research and Quality Scientific Peer Review: Keeping Pace with New Trends in Peer Review, Bethesda, MD, September.
- 2009 Presented “Statistical Analysis / Sensitivity Analysis in Comparative Effectiveness Research, Agency for Healthcare Research and Quality DEcIDE Network, MD, September.
- 2009 Presented Short Course “Methods for Causal Analysis Using Observational (Non-Experimental) Data: Addressing Selection Bias and Other Forms of Endogeneity in Comparative Effectiveness Analysis,” Society for Medical Decision Making Annual Meeting, Los Angeles, October.
- 2011 Presented Methods Seminar, “Methods for Addressing Endogeneity and Selection Bias in Observational Studies,” AcademyHealth Annual Research Meeting, Seattle, June.
- 2011 Methods Workshop Participant, Workshop Title: *Observational Data Analysis for Comparative Effectiveness Research*; Title of My Presentation: “Nonlinear IV Methods for Comparative Effectiveness Research.” AcademyHealth Annual Research Meeting, Seattle, June.
- 2011 Presented Methods Seminar, “Methods for Addressing Endogeneity and Selection Bias in Observational Studies,” 8th World Congress of the International Health Economics Association, Toronto, July.
- 2012 Presented paper, AOne More Slice of Cake: The Two Part Model Revisited” AcademyHealth Annual Research Meeting, Orlando, June.
- 2012 Presented paper, “Simplified Standard Errors for Multi-Stage Regression-Based Estimators” AcademyHealth Annual Research Meeting, Orlando, June.
- 2012 Presented paper, “Correct Standard Errors for Multi-Stage Regression-Based Estimators: A Guide for Practitioners with Illustrations” Annual Stata Conference, San Diego, July.
- 2014 Invited Participant, NBER Health Economics Program Meeting, Bethesda, April.

- 2014 Invited Participant, NBER Summer Institute, Health Economics Program, Boston, July.
- 2016 Presented paper, “Two-Stage Residual Inclusion Estimation: A Practitioners Guide to Stata Implementation,” Stata Conference, Chicago, July.
- 2018 Presented paper, “Even Simpler Standard Errors for Two-Stage Optimization Estimators: Mata Implementation via the DERIV Command,” Stata Conference, Columbus, July.
- 2019 Presented paper, “Mata Implementation of Gauss-Legendre Quadrature in the M-Estimation Context: Correcting for Sample-Selection Bias in a Generic Nonlinear Setting,” Stata Conference, Chicago, July.
- 2020 Presented Paper, “Two-Dimensional Gauss-Legendre Quadrature: Seemingly Unrelated Dispersion-Flexible Count Regressions,” Stata Conference, Online via Zoom, July.
- 2021 Presented Paper, “Validating a User-Developed Bivariate Pseudo-Random Vector Generator,” Stata Conference, Online via Zoom, August.
- 2022 Presented Paper (by coauthor Daniel Asfaw), “Correcting for Endogeneity Bias in Two-Part Models: Causal Inference from The Potential Outcomes Perspective.” 11th Annual Conference of the American Society of Health Economists, Austin TX, June.
- 2022 Presented Paper (by coauthor Abbie Zhang), ““bivpoisson: A Stata Command Estimating Seemingly Unrelated Count Data,” Stata Conference, Washington, DC, August.
- 2024 Presented Paper (by coauthor Golnoush Kazeminezhad), Count-Regression on a Continuous Causal Variable: Accounting for Boundedness, Discreteness, Dispersion and Unobservable Confounding," Annual Meeting of the American Economic Association, San Antonio, TX, January.

- 2005 Presented paper, “Assessing the Impact of Gaps in Prescription Drug Coverage of Medicare Beneficiaries,” Robert Wood Johnson Foundation Health Care Financing and Organization Initiative, AcademyHealth, Washington DC, May.
- 2005 Presented paper, “More Ado About Two: Endogenous Switching, Sample Selection, Endogenous Treatment Effects and the Modified Two-Part Model,” 6th International Conference on Health Policy Research: Methodological Issues in Health Services and Outcomes Research, Invited Session on Selection Bias, Boston, MA, October.
- 2006 Presented paper, “Measuring the Public Health Impact of Potential Reduced Exposure Products (PREPs) for Smoking Harm Reduction: A Policy-Analytic Estimation Approach,” Prevention Effectiveness and Health Economics seminar series of Prevention Effectiveness and Health Economics Branch, Centers for Disease Control and Prevention, Atlanta, GA, August.
- 2006 Presented paper, “More Ado About Two: Sample Selection, Endogenous Treatment Effects and the Modified Two-Part Model,” Drexel University, Department of Economics, October.
- 2006 Presented paper, “More Ado About Two: Sample Selection, Endogenous Treatment Effects and the Modified Two-Part Model,” University of Florida, Department of Economics, November.
- 2007 Presented paper, “Do Large Gaps in Prescription Coverage for Medicare Beneficiaries Matter Beyond the Obvious Fact that they Reduce Generosity of Coverage?” (with Bruce Stuart and Lirong Zhao) Robert Wood Johnson Foundation Health Care Financing and Organization Initiative, AcademyHealth, Washington DC, April.
- 2007 “Confounding and the Estimation of Causal Effects Using Observational Data” Lecture - Introduction to Clinical/Translational Research, University of Florida, College of Medicine, August.
- 2007 “Analyzing the Economic Causes and Consequences of Substance Abuse Using Observational Data” Addictive & Health Behaviors Research Institute, University

of Florida, November.

- 2007 Presented paper, "Marginal and Incremental Effects in Parametric Nonlinear Models with Endogenous Regressors," Department of Economics, University of South Florida. December.
- 2008 Presented paper, "Parametric Regression and Health Policy Analysis: Survey-Based Estimation and Inference in the Presence of Endogeneity," Department of Public Administration and Policy, University of Georgia, January.
- 2008 Presented paper, "Parametric Regression and Health Policy Analysis: Survey-Based Estimation and Inference in the Presence of Endogeneity," Department of Health Policy and Management, Emory University, February.
- 2008 Presented paper, "Parametric Regression and Health Policy Analysis: Survey-Based Estimation and Inference in the Presence of Endogeneity," Department of Management and Marketing, University of Alabama, April.
- 2008 Presented paper, "Parametric Regression and Health Policy Analysis: Estimation and Inference in the Presence of Endogeneity," Department of Economics, University of North Carolina - Greensboro, September.
- 2008 Presented paper, "Parametric Regression and Health Policy Analysis: Estimation and Inference in the Presence of Endogeneity," Department of Health Services Research, University of Rochester, October.
- 2008 Presented paper, "Parametric Regression and Health Policy Analysis: Estimation and Inference in the Presence of Endogeneity," School of Pharmacy, University of Southern California, November.
- 2008 Presented paper, "Parametric Regression and Health Policy Analysis: Estimation and Inference in the Presence of Endogeneity," Department of Economics, University of Georgia, December.
- 2011 Presented paper, "Parametric Regression and Health Policy Analysis: Estimation and Inference from a Potential Outcomes Perspective," School of Public and Environmental Affairs, Indiana University, February.
- 2011 Presented paper, "Parametric Regression and Health Policy Analysis: Estimation and Inference from a Potential Outcomes Perspective," Triangle Health Economics Workshop, University of North Carolina at Chapel Hill, April.
- 2011 Presented paper, "Parametric Regression and Health Policy Analysis: Estimation and Inference from a Potential Outcomes Perspective," School of Public Health, Drexel University, June.

- 2011 Presented paper, “Estimation, Inference and Empirical Health Policy Analysis in the Two-Part Modeling Context: A Piece of Cake?” Institute for Pharmaceutical Outcomes and Policy, University of Kentucky, November.
- 2012 Presented paper, “Estimation, Inference and Empirical Health Policy Analysis in the Two-Part Modeling Context: A Piece of Cake?” Department of Economics, University of Kentucky, January.
- 2012 Presented paper, “Estimation, Inference and Empirical Health Policy Analysis in the Two-Part Modeling Context: A Piece of Cake?” Department of Economics, Georgia State University, March.
- 2012 Presented paper, “Health Policy Analysis and Unobserved Confounding: Accounting for Endogeneity in Nonlinear Models” Division of Nursing Business and Health Systems, University of Michigan, April.
- 2012 Presented paper, “Estimation, Inference and Empirical Health Policy Analysis in the Two-Part Modeling Context: A Piece of Cake?” Department of Economics, Indiana University School of Liberal Arts at IUPUI, May.
- 2012 Presented paper, “One More Slice of Cake: The Two Part Model Revisited” Division of Nursing Business and Health Systems, University of Michigan, May.
- 2012 Presented paper, “An Econometric Framework for Causal Analysis of Obesity Policy Alternatives” Department of Economics, Indiana University School of Liberal Arts at IUPUI, October.
- 2013 Presented paper, “Empirical Health Policy Analysis: The Economic Causes and Consequences of Individual Energy Imbalance” College of Public Health, University of Georgia, February.
- 2013 Presented paper, “One More Slice of Cake: The Two Part Model Revisited” Department of Economics, Virginia Tech University, February.
- 2013 Presented Seminar, “Successful Employment and Quality Work Life After Severe Disability Due to Spinal Cord Injury” Center for Rehabilitation Research in Neurological Conditions, Medical University of South Carolina, March.
- 2013 Presented Seminar, “Empirical Health Policy Analysis: The Quest for Causal Inference – Methods and Applications,” VA Rehabilitation Outcomes Research Center, Gainesville, FL, May.
- 2013 Presented Seminar, “Generalized Count Models with Sample Selection: Mothers’ Demand for Additional Children in a Developing Country and the “At God’s Will” Response – Part 1,” Health Economics Seminar, Department of Economics, Indiana University School of Liberal Arts at IUPUI, August 23.

- 2013 Presented Seminar, “ Generalized Count Models with Sample Selection: Mothers’ Demand for Additional Children in a Developing Country and the “At God’s Will” Response – Part 2,” Health Economics Seminar, Department of Economics, Indiana University School of Liberal Arts at IUPUI, August 30.
- 2013 Presented Seminar, “Empirical Health Policy Analysis: The Quest for Causal Inference – Methods and Applications,” The Stroke Quality Enhancement Research Initiative, Roudebush Veterans Affairs Medical Center, Indianapolis, IN, September.
- 2013 Presented Seminar, “Methods for Empirical Health Policy Analysis: The Quest for Causal Inference Using Parametric Models,” Work in Progress Seminar, Roudebush Veterans Affairs Medical Center, Indianapolis, IN, October.
- 2013 Presented Seminar, “Methods for Empirical Health Policy Analysis: The Quest for Causal Inference Using Parametric Models,” Eli Lilly – Analytic Fusion Research Group, Indianapolis, IN, December.
- 2015 Presented Seminar, “Assessing the Impact of Lifestyle on Individual Energy Balance: Two-Stage Residual Inclusion Estimation Without Apology,” Department of Agricultural and Applied Economics, University of Georgia, February.
- 2015 Presented Seminar, “Cross Sectional Econometrics from a Policy Analytic Perspective,” Medical University of South Carolina, September.
- 2015 Presented Seminar, "A Practitioner's Guide to Two-Stage Residual Inclusion Estimation," Health Economics Seminar, Department of Economics, Indiana University School of Liberal Arts at IUPUI, September.
- 2016 Presented Seminar, "Two-Stage Residual Inclusion Estimation," Health Economics Seminar, Department of Health Policy and Management, Johns Hopkins University, May.
- 2016 Presented Seminar, "Regression-Based Causal Analysis from the Potential Outcomes Perspective," Department of Economics, University of South Florida, September.
- 2016 Presented Seminar, "Regression-Based Causal Analysis from the Potential Outcomes Perspective," Department of Economics, University of Florida, September.
- 2018 Presented Seminar, "Regression-Based Causal Analysis from the Potential Outcomes Perspective," Sandy Seminar, Department of Economics, Indiana University School of Liberal Arts at IUPUI, May.

- 2018 Presented Seminar, "Regression-Based Causal Analysis from the Potential Outcomes Perspective," Department of Economics, University of Central Florida, October.
- 2019 Presented Seminar, "Regression-Based Causal Analysis from the Potential Outcomes Perspective: Empirical Modeling, Causal Effect Specification, Identification, Estimation, the Data Generating Process and the General Potential Outcomes Framework," Alcohol Research Group, Emeryville, CA, June.
- 2019 Presented Seminar, "Regression-Based Causal Analysis from the Potential Outcomes Perspective: Endogeneity," Alcohol Research Group, Emeryville, CA, June.
- 2019 Presented Seminar, "Regression-Based Causal Analysis from the Potential Outcomes Perspective," Sandy Seminar, Department of Economics, Indiana University School of Liberal Arts at IUPUI, August.
- 2019 Presented Seminar, "Specification and Estimation of Causal Effects in Empirical Health Economics: Two-Stage Residual Inclusion Modeling from the Potential Outcomes Perspective," Sandy Seminar, Department of Economics, Indiana University School of Liberal Arts at IUPUI, September.
- 2019 Presented Seminar, "Using Nonlinear Parametric Regression for Causal Analysis from the Potential Outcomes Perspective," Sandy Seminar, Department of Economics, Indiana University School of Liberal Arts at IUPUI, August.
- 2022 Presented Seminar, "Causation and Identification in the Regression Context," Health Economics Seminar, Department of Economics, Indiana University School of Liberal Arts at IUPUI, October.
- 2022 Presented Seminar, "Causation and Identification in the Regression Context," Health Economics Seminar, Department of Economics, Indiana University School of Liberal Arts at IUPUI, October.
- 2023 Presented Seminar, "Racial Disparity in the Causal Effect of Drinking Intensity on Alcohol Use Disorders," Alcohol Research Group, Emoryville, CA, September.
- 2023 Presented Seminar, "Introduction to Empirical Causal Analysis in the Context of the Simple Linear Regression Model," Statistics Forum, Alcohol Research Group, Emoryville, CA, September.

Doctoral Student Supervision:

University of Georgia - Department of Economics

Ulrich Welland (1988) (econometrics) – Professor, University of Flensburg (Germany)

Penn State University - Department of Economics

Cheryl Neslusan (1994) (health economics, applied econometrics) – Director of Health Economics, Global Strategic Marketing and Market Access, Janssen Global Services, LLC, Raritan, NJ.

Andy Wen (1996) (Econometrics) decided to enter the Christian ministry after defending his dissertation.

Kerry Anne McGeary (1996) (health economics) – Senior Program Officer, Robert Wood Johnson Foundation, Research-Evaluation-Learning Unit.

Wei-Der Tsai (1996) (health economics, applied econometrics) – Professor and Director of the Graduate Institute of Industrial Economics, National Central University, Taiwan

Peter Vechnak (2000) (applied econometrics) – Senior Vice President, Quantitative Operations Manager, Bank of America, Charlotte, NC.

University of Florida - Department of Economics

Mujde Erten (2010) (applied econometrics, health economics) – Assistant Professor, Health Economist, Department of Surgery, University of Vermont.

University of North Carolina at Greensboro - Department of Economics (Supervisor for one of the student's dissertation essays)

Matthew Trombley (2014) (applied econometrics, health economics) – Senior Analyst, Abt Associates.

William Parish (2014) (applied econometrics, health economics) – Economist, Research Triangle Institute.

Indiana University School of Liberal Arts at IUPUI - Department of Economics

Srikant Deveraj (2016) (applied econometrics, health economics) – Research Economist and Research Assistant Professor, Department of Economics and Center for Business and Economic Research, Ball State University.

Yan Yang (2016) (applied econometrics, health economics) – Business Analyst, Amazon Advertising.

Shichao Tang (2018) (applied econometrics, health economics) – Economist, Division of Diabetes Translation, National Center for Chronic Disease Prevention and Health

Promotion, Centers for Disease Control and Prevention.

Zhuang Hao (2018) (applied econometrics, health economics) – Associate Analyst, Health Retirement and Long-Term Analysis Division, Congressional Budget Office.

Wondimu Manalew (2019) (applied econometrics, health economics) – Research Associate, Department of Health Services Management and Policy, East Tennessee State University.

Daniel Asfaw (2021) (applied econometrics, health economics) – Post Doctoral Fellow, Department of Health Law, Policy & Management at Boston University School of Public Health.

Abbie Zhang (2021) (applied econometrics, health economics) – Assistant Professor (tenure-track), School of Economics, Henan University (China).

Golnoush Kazeminezhad (2024) (applied econometrics, health economics) – Successfully defended.

Taul Cheong (applied econometrics, health economics) – Successfully defended.

Masters Student Supervision:

University of Georgia - Department of Economics

Claus Boelter (1985) (applied econometrics)
Ulrich Welland (1985) (applied econometrics)

Penn State University - Department of Economics

Luz Lorenzo (1990) (applied econometrics)
Shao Ling Liu (1992) (applied econometrics)
Leonce Ndiokubwayo (1994) (applied econometrics)

Membership on Ph.D. and Master's Committees:

Economics (Penn State)

J. Bai, M.A.
K. Yoo, M.A.
M. Mawampanga, M.A.
Aloysius Amin, Ph.D.
Kenneth Reynolds, Ph.D.

Other Fields (Penn State)

G. J. Murage Gichuhi, Ph.D. (Ag. Econ)
Eva Petkova, Ph.D. (Statistics)
Anne F. Torbeyns, (Statistics)
Juan Timana, Ph.D. (Management Sci)
Jeun-Sheng Lin, Ph.D. (Ag. Econ)

Chun-Sheng Yang, Ph.D.	Kelly Grotzinger, Ph.D. (HPA)
Jane Lay, Ph.D.	Paniotis Fousekis, Ph.D. (Ag. Econ)
Joyce Mlakar, Ph.D.	Man Liu, M.A. (Acctg)
Flora Sambakunsi, M.A.	Christopher Van Den Bulte, Ph.D. (MIS)
Asep Suryahadi, M.A.	Charlotte Pryor, Ph.D. (Acctg)
Ryan Rademacker, M.A.	Violet Torby (Finance)
Guoqing Wang, M.A.	Michele LaPlante (Finance)
Hyojong Kim, Ph.D.	Jianan Wu, Ph.D. (Marketing)
Seog-Kyeong Han, M.A.	James Mahar, Ph.D. (Finance)
Julie Kraut, Ph.D.	Patricia Wollen, Ph.D. (Finance)
Tian Zeng, Ph.D.	Kaan Tunceli, Ph.D. (Health Policy and Administration)
Gerald Fennemore, Ph.D.	
Seog-Kyeong Han, M.A.	
Ernesto Perusquia, M.A.	
Shawn Klimek, Ph.D.	
Artyem Durnev, M.A.	
In Kyu Kim, M.A.	
Mirela Marasteanu, M.A.	
Jose Carvalho, Ph.D.	
Guang Guo, Ph.D.	
Economics (U. of Florida)	
Qiong Zhou, Ph.D.	
Economics (UNCG)	
Matthew Rabbitt Ph.D.
